fly

Galeon has leveraged all of its storied boatbuilding experience to create the 440 FLY, a medium-sized motoryacht packed with intelligent innovations and a fresh approach to onboard space distribution. A dynamic silhouette combines with sporty accents throughout to create a boat that looks like it is moving even when it is standing still. Practicality and versatility were of utmost importance during the design phase of this model.

An elegant and spacious salon has plenty of comfortable seating to entertain many guests, while sizable windows allow ample natural lighting to brighten the area during the day.

Note: Layout and features may vary from shown here due to manufacturer consideration and client customization.

Galeon's signature Beach Mode adds more than 6.5 feet when the sides and rear platform are extended, making it the ultimate space to lounge and soak up rays while hovering directly above the water.

Relax in comfort in a luxurious master stateroom with generous storage space, ambient lighting options, and a private en-suite master bath.
