The 470 SKY joins the lineup bringing even more innovation to the Galeon Third Generation range. Based on the successful 460 FLY, it shares the same hull design and main deck layout allowing for great space for passengers and activities. With its sleek lines, one can easily mistake it for a hardtop model, and yet it offers a top deck neatly hidden away with a soft roof. Find a complete helm station with space for leisure on the sport flybridge.

The salon is well-lit thanks to multiple overhead skylights, large windows to port and starboard, and a steeply raked windshield.

Note: Layout and features may vary from shown here due to manufacturer consideration and client customization.

sky

Note the enormity of the hullside windows, which help bathe the master stateroom in natural light.

The fold-out terraces make an excellent location for an alfresco bar set-up.
