The specification measurements are approximate and subject to variance.

**The listed performance data is an estimate only based on vessel testing on fresh water with 6 people, full fuel and water and a clean hull bottom. The performance will change based on boating location, vessel loading and maintenance.*

The salon is well-lit thanks to multiple overhead skylights, large windows to port and starboard, and a steeply raked windshield.

Note: Layout and features may vary from shown here due to manufacturer consideration and client customization.

Note the enormity of the hullside windows, which help bathe the stateroom in natural sunlight

The fold-out terraces make an excellent location for an alfresco bar set-up.

The 470 SKY joins the lineup bringing even more innovation to the Galeon Third Generation range. Based on the successful 460 FLY, it shares the same hull design and main deck layout allowing for great space for passengers and activities. With its sleek lines, one can easily mistake it for a hardtop model, and yet it offers a top deck neatly hidden away with a soft roof. Find a complete helm station with space for leisure on the sporty flybridge.
