The specification measurements are approximate and subject to variance.

\*The listed performance data is an estimate only based on vessel testing on fresh water with 6 people, full fuel and water and a clean hull bottom. The performance will change based on boating location, vessel loading and maintenance.

Features abound. Fold-out Beach Mode balconies with access from cockpit and deck level. Alfresco dining settee aft.

*Loads of glazing along the hull sides combine with massive windows on the main deck to create an airy and futuristic look.*

*This enormous stateroom provides a comfortable and quiet oasis for the owner when it's time to get away.*

The 620 FLY stuns with its dynamic two-tone hull, wide beam, and expansive glazed windows, ensuring breathtaking views and a sunlit main deck. The flybridge offers U-shaped seating, a redesigned wet bar, and an automated sunroof, while an optional fabric awning provides extra shade. At the stern, choose between free-standing sun loungers or a spacious seating zone, creating the ultimate relaxation space.
