The Galeon 400 FLY has a contemporary presence that is as stunning as it is pleasing. The spacious flybridge is ideal for entertaining family and friends. The sheltered cockpit adds an additional al fresco social area that connects nicely with the salon's convertible seating. This model also offers "Beach Mode," extending the width of the cockpit deck. Underway, the 400 FLY makes a statement with its exemplary performance that is both powerful and agile.

A main-deck galley, situated forward and to port in the salon, allows the chef to remain convivial with the guests while also enjoying the interior's plentiful natural light.

Note: Layout and features may vary from shown here due to manufacturer consideration and client customization.

An amidships master with an island berth has large windows to either side, while scissoring berths in the forepeak VIP provide maximum privacy to guests.

The yacht's "Beach Mode" feature employs fold-out terraces to either side of the cockpit to greatly amplify the available outdoor entertainment space.
